This is an excellent opportunity to showcase your products and services to value analysis professionals who coordinate decision making from large IDN and other healthcare organizations across the US & Canada.

This conference creates a more intimate setting and networking opportunity than any other conference you may have attended. Both the attendees and exhibitors enjoy full access to the Presentation Sessions, meals, and receptions. You may also register to attend the fee-based pre-conference education sessions for training on Value Analysis as a profession and for the CVAHP certification.
